

## Terms and Conditions

**Terms and Conditions** All contents displayed on this site are protected by the First Amendment rights to Free Speech, Free Expression and Freedom of the Press. Fair use is a doctrine in United States copyright law that allows limited use of copyrighted material without requiring permission from the rights holders, such as use for scholarship or review. It provides for the legal, non-licensed citation or incorporation of copyrighted material in another author's work under a four-factor balancing test. It is based on free speech rights provided by the First Amendment to the United States Constitution.

Due to the graphic nature of the contents on this website, viewer discretion is advised. The MQMWATCH & MQMATROCITIES websites includes links to external websites. We select links that are editorially relevant to the content they are linking from and are suitable for the likely audience.

These links are included for a number of reasons, including:

- \* for further relevant information or other key source material
- \* for background information
- \* for useful practical information
- \* for further informed comment

We do not link to external sites in return for cash, services or any other consideration in kind. We do not normally link to sites which are not free to access. However, users may be asked to register before viewing the content. External links are selected and reviewed when the homepage is published. However, MQMWatch is not responsible for the content of external websites. This is because:

- \* the MQMWatch does not produce them or maintain/update them
- \* the MQMWatch cannot change them
- \* they can be changed without the MQMWatch's knowledge or agreement.

The inclusion of a link to an external website from the MQMWatch homepage should not be understood to be an endorsement of that website or the site's owners (or their products/services).

**LINKS TO USER-GENERATED MATERIAL** Some of the content we link to on both MQMWatch sites and external ones is generated by members of the public (messageboards and photo-sharing sites for example). The views expressed are those of the public and unless specifically stated are not those of the MQMWatch. If you consider this content to be in breach of the law, please alert the moderators or site owners on the sites where the material appears. **Copyright Infringement Notification** If you believe that contents owned by you or your organization are being published on MQMWatch without fair use or improperly referenced and would like them to be removed from our website, please email us at
